

## Undergraduate degrees (Bachelor)

Most undergraduate degrees in the UK are three years long. However, if you want to study for a sandwich year or spend a year abroad, your degree may be four years. Degrees in Medicine usually take five years. You will normally start each year of your undergraduate degree in October and finish the following June for a summer vacation.

The tables on pages 22-23 are a guide to tuition fees, academic and IELTS entry requirements. Please check our website for up-to-date information ([www.sussex.ac.uk/ugstudy](http://www.sussex.ac.uk/ugstudy)). The academic entry requirements refer to a typical UK A level offer.

To find out if your school results are equivalent to UK A levels, visit our world map at [www.sussex.ac.uk/international](http://www.sussex.ac.uk/international). Alternatively, you can email [study@sussex.ac.uk](mailto:study@sussex.ac.uk) and our student advisors will be happy to help.

Undergraduate degree	Tuition for 2009/10	Typical A level requirement	Typical IELTS requirement*

## Degree profile

### BA International Relations

Our BA in International Relations combines approaches from history, political science, sociology, law and economics to analyse worldwide social, economic and political processes. Key themes include war and peace, development, international inequality, globalisation and global governance.

The degree is taught by our Department of International Relations, which:

- is one of the UK's oldest departments dedicated to international relations;
- scored 23 out of 24 in the national QAA teaching quality assessment;
- was awarded maximum points for teaching quality in the *Times Good University Guide 2007*;
- welcomes students from over 20 countries.

This degree may be attractive if you want to work in:

- government foreign ministries
- the United Nations
- the European Union
- non-governmental organisations (NGOs)
- multinational corporations
- media or journalism
- international development.

\* For IELTS 6.5, you need no less than 6.0 in Listening and Writing.

For IELTS 6.0, you need no less than 6.0 in every component.

## Postgraduate taught degrees (Masters)

Most taught postgraduate degrees in the UK are completed in one year, without a summer vacation. At Sussex, our postgraduate taught courses normally begin in October and teaching will finish by June. You then carry out work on your independent research (dissertation) over the summer period.

The tables on page 24 to 29 are a guide to tuition fees, academic and IELTS entry requirements. Please check our website for up-to-date information ([www.sussex.ac.uk/pgstudy](http://www.sussex.ac.uk/pgstudy)).

The academic entry requirements refer to a typical UK offer. You can find more detailed information on our website. To find out if your university results are equivalent to a UK 2:1 or 2:2 degree, visit our world map at [www.sussex.ac.uk/international](http://www.sussex.ac.uk/international). Alternatively you can email [study@sussex.ac.uk](mailto:study@sussex.ac.uk) and our student advisors will be happy to help. Entry requirements are sometimes flexible, so please enquire if your results are not quite high enough. Note also that work experience is necessary for some courses and may compensate for lower degree results for others.

## Degree profile

### MA Social Development

The University of Sussex is one of the world's leading institutions for the study of development and is home to:

- the British Library for Development Studies – the largest outside North America;
- around 20 development-related postgraduate degrees and, between our centres, more development-related specialists than anywhere else in the UK;
- the Centre for Culture, Development and the Environment (CDE) and Institute of Development Studies (IDS), which recently celebrated its 40th anniversary;
- an active alumni network engaged on development projects across the globe.

Our MA in Social Development is taught by CDE and may be attractive if you want to work for:

- large international organisations, such as the World Bank, IMF, United Nations or European Union
- non-governmental organisations (NGOs)
- environmental organisations
- national or local government
- develop a career in teaching and research.

<sup>a</sup> (with no component below 6.0)

<sup>b</sup> (with no component below 6.5)

<sup>c</sup> (with no component below 6.0 and 6.5 in Writing)

## Degree profile

### MSc Modern Digital Communications Systems

Our MSc in Modern Digital Communications Systems is taught in the School of Engineering and Design. Engineering:

- scored a Grade 5 in the 2001 Research Assessment Exercise, signifying research of national and international excellence;
- was awarded 21 out of 24 for teaching quality by the UK Government's Quality Assurance Agency;
- regularly ranks in the UK's top 20 university engineering departments;
- has industrial links with leading international companies, including Rolls-Royce, BP, Ford, BT, Caterpillar and QinetiQ;
- works closely with InQbate, The Centre of Excellence in Teaching and Learning in Creativity, and a national centre for teaching creativity and design (on the Sussex campus).

This degree may be attractive if you want to work in:

- Mobile and satellite communications
- Communications networks
- Engineering management
- Aerospace
- Automotive electronics
- Telecare health monitoring.

## Degree profile

### MSc International Finance

Our MSc in International Finance is taught in the School of Business, Management and Economics. Economics:

- was ranked in the UK's top 15 economics departments by the *Guardian University Guide 2008*;
- was ranked joint third of all economics departments in the UK for overall satisfaction in the 2007 National Student Survey, with a student satisfaction rating of over 90 per cent;
- scored 21 out of 24 in the national QAA teaching quality assessment;
- is home to internationally renowned faculty who work closely with major international financial bodies, including the World Bank, European Commission and World Trade Organization;
- is proud to count global political leaders, entrepreneurs and senior finance professionals among its worldwide alumni network.

This course may be attractive if you want to work in:

- investment banking
- financial analysis
- financial regulation
- corporate finance
- large international financial bodies, such as the World Bank, European Commission and World Trade Organization
- research (or to undertake doctoral study).

<sup>a</sup> (with no component below 6.0)

<sup>b</sup> (with no component below 6.5)

<sup>c</sup> (with no component below 6.0 and 6.5 in Writing)

## Degree profile

### MA Media and Cultural Studies

In the web-based *Complete University Guide 2008*, Communication and Media at Sussex was ranked 10th in the UK, and the *Times Good University Guide 2007* ranked the subject within the UK's top 15.

Our MA in Media and Cultural Studies is taught within the School of Film and Media.

Film and Media:

- scored 10 out of 10 for job prospects after graduation in the *Guardian University Guide 2007*;
- was awarded 21 out of 24 in the national QAA teaching quality assessment;

The School of Film and Media

- is home to the Sussex Centre for Cultural Studies and the innovative Centre for Research into Digital Material Culture;
- has a thriving research culture in media theory and practice, with around 45 research students working alongside faculty each year.

This degree may be attractive if you want to work in:

- TV, film or broadcasting
- public relations
- journalism
- publishing/communications
- digital media
- other professions where critical, analytical and presentational skills are important.

## Degree profile

### MSc Technology and Innovation Management

Our MSc in Technology and Innovation Management is taught by SPRU – Science and Technology Policy Research, which is:

- ranked joint first in the world for technology and innovation management<sup>1</sup>;
- the largest and most influential centre of its kind in the world;
- the pre-eminent centre for teaching the management of innovation and technology<sup>2</sup>; and
- has made a greater impact than all international business schools in business and economics over the past 25 years<sup>3</sup>.

SPRU recently celebrated its 40th anniversary as a world leader in research, consultancy and teaching in science, technology and innovation policy.

This degree may be attractive if you want to work in:

- technology consultancy
- quality management
- project management
- enterprise system design
- information systems management
- teaching and research.

<sup>2</sup> *A Guide to Management of Technology in Japan*, Ministry of Economy, Trade & Industry, Japan, 2004

<sup>3</sup> *ISI (Thomson Scientific) database, Guardian Higher Education*, 2005

<sup>a</sup> (with no component below 6.0)

<sup>b</sup> (with no component below 6.5)

<sup>c</sup> (with no component below 6.0 and 6.5 in Writing)

## Postgraduate research degrees (Doctorate)

Most postgraduate research degrees in the UK are completed in around three years. At Sussex, our research degrees usually start in October, although it may be possible to begin in January or April.

The table is only a guide to fees and IELTS requirements. Please check our website for up-to-date information ([www.sussex.ac.uk/pgstudy](http://www.sussex.ac.uk/pgstudy)).

We have not stated entry requirements for postgraduate research degrees, as admission is dependent on your research proposal. However, you will normally need to have a Masters degree in a relevant discipline. For more information, email [study@sussex.ac.uk](mailto:study@sussex.ac.uk)

Postgraduate research degree	Tuition for 2009/10	IELTS requirement

## Other courses at Sussex

In addition to undergraduate and postgraduate degrees, we offer a range of other courses at Sussex including university preparation, English language and Study Abroad.

### International Foundation Year

If you come from a different education system, you may need an International Foundation Year (IFY) to help you prepare for an undergraduate degree at Sussex. Our IFY:

- is located at the heart of the Sussex campus;
- is closely tied to our undergraduate degrees through dedicated link tutors;
- offers September or January starts;
- has a diverse international student community, with 29 nationalities in 2007-08.

The IFY has five routes, each linked to a range of undergraduate degrees at Sussex:

- Business Management and Economics
- Engineering and Computing
- Law and Social Studies
- Life Sciences
- Media Studies.

For more information, and to meet some of our IFY students, visit [www.sussex.ac.uk/isc](http://www.sussex.ac.uk/isc)

### Pre-Masters

If you do not meet the direct entry requirements for a management or finance Masters degree at Sussex, you can join our Pre-Masters – a two- or three-term course of academic subjects, study skills and English language.

Following successful completion of the Pre-Masters, you can progress to one of the following masters programmes:

- MSc in International Finance
- MSc in International Management
- MSc in Technology and Innovation Management.

For key facts and entry requirements, visit [www.sussex.ac.uk/isc](http://www.sussex.ac.uk/isc)

### English language

The Sussex Language Institute (SLI) is the University's main centre for English language teaching and is British Council inspected and accredited. SLI offer a wide range of English language courses, including:

- Pre-Masters English (nine-month, six-month or three-month programmes)
- Intensive English (10-week terms between October and June)
- Summer at Sussex (general English in July and August)
- teacher training.

For further details, see pages 38-39 or visit [www.sussex.ac.uk/languages/](http://www.sussex.ac.uk/languages/)  
Alternatively, email [efl@sussex.ac.uk](mailto:efl@sussex.ac.uk)

## Study Abroad and exchange

Our Study Abroad programme is one of the most comprehensive in the UK, and we are proud to offer over 1,000 courses to visiting and exchange students. Our most popular study plans include:

- Year Abroad
- 'Semester' Abroad (autumn term or spring and summer terms)
- English language combined with academic courses.

To see term dates and a full list of courses (with credits), visit [www.sussex.ac.uk/international](http://www.sussex.ac.uk/international) for our latest Study Abroad Guide.

## JYA (for students from Japan)

Our JYA (Japan) is specially designed to fit the term dates of your university in Japan. You can learn English first and then gain credits by taking regular academic courses. Choose from hundreds of courses across our subject areas, including development studies, international relations, English and business. Find a study plan to suit you, including:

- Year Abroad (April-March, minimum IELTS 4.0)
- Spring Semester (April-August, minimum IELTS 5.5)
- Autumn Semester (August/September-March, minimum IELTS 5.0).

For more information, including dates and fees, visit [www.sussex.ac.uk/jyajapan](http://www.sussex.ac.uk/jyajapan)

## International Summer School

Our International Summer School (ISS) is one of the UK's largest and most successful university summer schools, offering over 75 courses in the humanities, sciences and social sciences, as well as a full social programme. Our ISS courses are intensive and accepted for credit transfer at many colleges and universities.

Choose from a range of summer study programmes, including:

- ISS Session 1 (June to July, over 75 courses)
- ISS Session 2 (July to August, over 75 courses).

For the latest information on courses, credits and dates, visit [www.sussex.ac.uk/iss](http://www.sussex.ac.uk/iss)

## Sussex in September

An intensive cultural and historical short-course programme which can be combined with our autumn (fall) term to provide a full semester's credit. To find out more, visit [www.sussex.ac.uk/International](http://www.sussex.ac.uk/International)

## Pre-Medical programmes

Our well-established Pre-Medical programmes are tailored to meet the needs of two distinct groups:

- Pre-Medical programme for North American students (for visiting Study Abroad students from North America)
- Pre-Medical programme in association with M&D Europe (for UK and international students, accepted by medical schools in the UK and overseas).

To see key features, entry requirements and routes, visit [www.sussex.ac.uk/International/Pre-Medical/](http://www.sussex.ac.uk/International/Pre-Medical/)
