# The 2009-10 Acadia Graduate Students' Association (AGSA) Welcomes You!

On behalf of the Acadia Graduate Students' Association (AGSA), welcome to Acadia University! Acadia is a small university, with an even smaller graduate student population and we will help you to make your graduate student experience a great one!

The AGSA Council is composed of graduate student members from various disciplines who are dedicated to enhancing the Graduate Student experience. We spearhead many activities on campus including grad student social events and act as your advocates to university administration.

There are many ways to get involved with the AGSA and the greater Acadia community. We are always happy to welcome new members to the AGSA executive, departmental representatives, and members of the numerous University committees that have graduate student seats. Or simply join us at the events we plan; the opportunities to be involved are endless! Our website is <http://clubs.acadiau.ca/agsa/AGSA/Home.html> - here you can find lots of useful information such as; AGSA activities, news that is relevant to Acadia's graduate student body, and contact information for the current executive. Check it out and feel free to get in touch with any of us with any questions you may have about the AGSA, Acadia, or the area.

We will have a nomination meeting for the new executive and committee positions in September. I encourage you to consider getting involved with the Acadia Graduate Students Association and take advantage of the many opportunities for grad students on campus. Please visit our website for more details.

## **Wolfville, Nova Scotia is the place to be!**

Wolfville is situated in the Annapolis Valley region of Nova Scotia, overlooking the Minas Basin. New graduate students will enjoy picturesque Wolfville and its surroundings. With the highest tides in the world and scenic fishing villages, to the charming view from the cliffs of Blomidon, to the beautiful apple orchards found throughout the valley, you will not be disappointed with your decision to study at Acadia. Wolfville is a 1-hour drive to Halifax, capital city of Nova Scotia.

Wolfville offers a variety of eating establishments, drug stores, a grocery store, and shops all within walking distance of the university. In addition, a larger shopping centre, the County Fair Mall, is just a 15 minute car ride away in New Minas. Places in New Minas of interest may include Blockbusters, WalMart, Dooley's, West Side Charlie's and the Empire Theatre, to name a few.

For more information on the Town of Wolfville, please check the following website: <http://www.wolfville.ca/>

While studying at Acadia, we hope that you will find time to explore our beautiful province. Discover for yourself why National Geographic Traveler magazine describes us as a 'must see' destination!
